

Step By Step Instructions for Using ABC Tiger

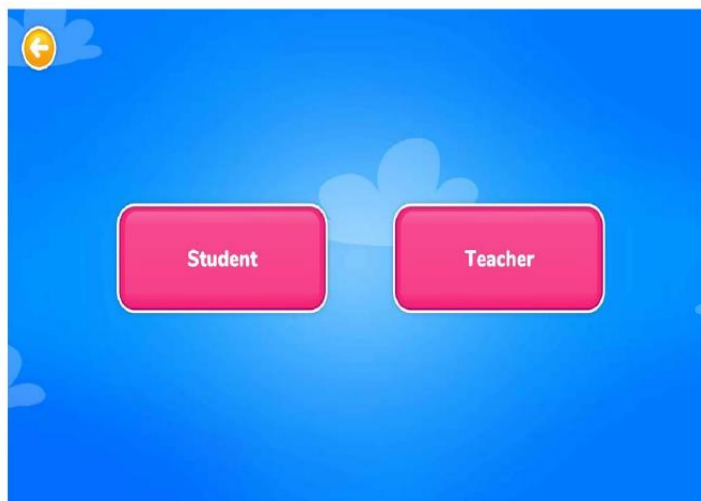

1. Install the ABC TIGER app on the Google Play store.

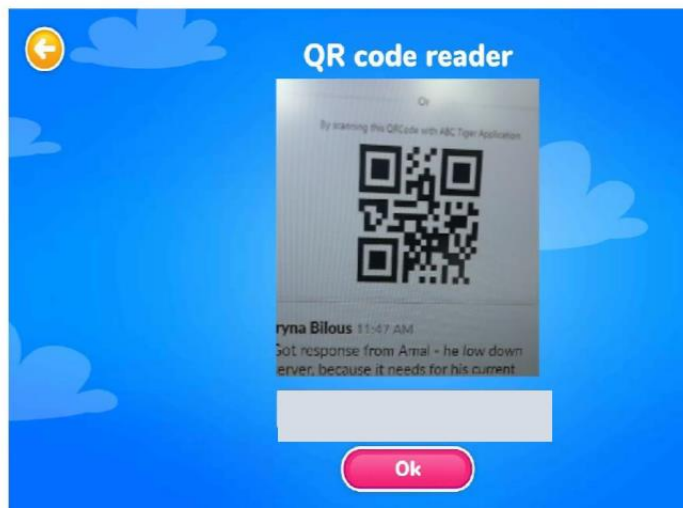

2. After the introduction slides, select **School Learning** mode.

3. Press the 'Student' button

4. Scan the QR code, or enter it manually in the field

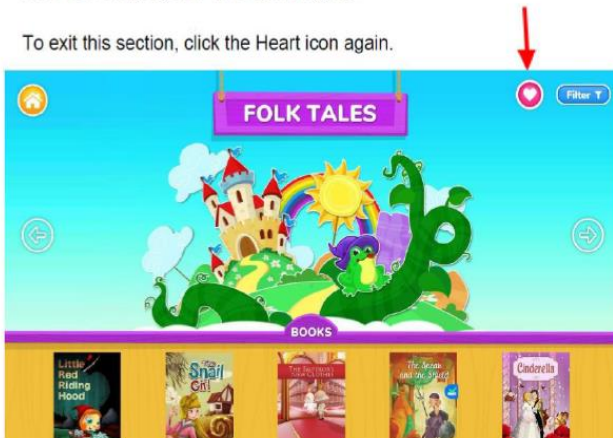

5. HOME SCREEN

-  Adjust the background music volume by clicking the note button
-  Customize the user's avatar at the top left corner
-  Scan a different QR code by clicking the 'not you?' button
-  Log out of the account by clicking the button at the top right
-  Access a digital library with 1000+ interactive books
-  (coming soon) Access to hundreds of gamified learning activities

8. In the Library screen, the **Heart** icon at the top right takes the user to the "My Favorites" section. This is where all the books that the user has already downloaded get stored. To remove a book from "My Favorites," simply click on the book cover to open it, then click the trash can button at the top right (the button will turn gray when the book is deleted). The user can always go back and find the book in its assorted category and download it again.

To exit this section, click the Heart icon again.

6. LIBRARY

This is the first screen the student would see in the library. The books in "My Class" are the specific books that the teacher has selected for use in that specific class. (user manual separately provided)

- Use the left and right arrows to browse through 7 different categories of books: Lifestyle, Folktales, Adventure, Knowledge, Nature, Popular, and Characters.
- Swipe up the book panel to view more books in any given category

9. To read a book, simply click on the cover. This will open the book description page where the user can read a short summary of the book, see the target age and reading difficulty parameters measured in Atos and Lexile, as well as view the author and illustrator credentials (by clicking on the **i** icon).

- To begin downloading the book, click the play button
