

Spring Season

In India, the months of February and March are spring months. During spring season, it is neither too hot nor too cold. The weather is pleasant.

Autumn Season

Autumn comes after the monsoon and before winter. October and November are the autumn months. Most of the trees shed their leaves in autumn.

Remember

- ▶ When the weather remains the same for a long time, it is called a season.
- ▶ We have three main seasons in India: Summer, rainy and winter.
