Work 2

Answer the following questions

1. Why did Sehar and her father choose Sariska for stargazing?

Ans Sehar and her father chose Sariska for stargazing because they wanted to get away from the artificial city lights that would spoil the view of the night sky.

2. ""Dad, look at this! Oh! It's gone!"

a) When did Sehar say this?

b) What was 'gone'?

c) How do you think she felt at that moment?

Ans. a) Sehar said this five minutes after gazing through her telescope

b) A comet had 'gone'.

c) She might have felt very excited and disappointed at the same time.

3. How is a comet similar to the moon?

Ans. A comet is similar to the moon because it reflects the light of the sun, just like the moon.

4. 'Both times, people all over the world stood outside at night to see it'— When were these 'times'?

Ans. Those were the two years when the Halley's Comet came near the sun and the earth.

5. What discoveries were made by scientists in 2011?

Ans In late 2011, scientists discovered another solar system with two suns and as many planets as our solar system. They also discovered that Mars has a hundred times more water than was thought earlier.
