c. Whatsapp
d. Native Apps, web Apps, Hybrid Apps
5. Think and Answer

Ans a: E-commerce apps allow users to buy and sell products or services online, making shopping convenient and accessible from anywhere at any time. Eg: Amazon and Blinkit.

Ans b: 1. Google maps – Helps users with navigation and route planning for easier travel.

2. MakeMyTrip – Facilities booking travel tickets and accommodation for hassle free travel arrangements.

3. Uber – Allows users to book rides quickly and easily, improving mobility.

These apps simplify travel, navigation and daily tasks, making activities more efficient and accessible.

Ans c: Communication apps enable users to send messages, make calls, share multimedia, and even video chats, making it easy to interact with others across the globe. Eg: WhatsApp and Skype.

Ans d:

Web app	Native app
• Web based apps on mobile phones are apps that you open in your phone's web browser instead of downloading them from an app store. • Eg: OLX, Amazon	• Apps that are developed for a specific platform (Operating System) and device are call Native apps. • Eg: Angry Birds

6. a. Lifestyle apps
b. Utility apps
