d. WhatsApp
4. Think and Answer

Ans a: A Blog or Weblog is an online platform Where individuals and businesses can share their thoughts, ideas, or information. Blogging is beneficial because it allows you to connect with others who shares similar interests and can also be used for business promotion or personal expression.

Ans b: Instant Messaging is a service that allows people to send and receive messages instantly over the internet. It functions by connecting users to each other, allowing them to exchange text, images, and videos in real time.

Ans c: One benefit of internet banking is online transactions can be made without going to the bank and at any time of the day.

Ans d: The following points must be kept in mind while using the internet services to stay safe and secure.

- Never share your personal information with anyone.
- Always set a strong password as it is difficult to guess thereby securing your accounts.
- Avoid using public wi-fi while accessing your accounts.
- Avoid opening an email that is received from an unknown person or source.

Ans e: A podcast is like an online on-demand radio show. It can be considered as a medium through which recorded audio information is distributed over the internet, unlike radio show where the show is broadcasted live. We can listen to podcasts by subscribing to them on platforms like spotify, Google Podcasts or Apple Podcasts.

5. Application based questions
 - a. Google drive or any file sharing service
 - b. E-commerce
