# About the School

St. Andrews Scots Sr. Sec. School, I.P. Extension, Delhi-92 has always believed in education that bears greater affinity to a student's life ahead. The founder principal Mrs. P.L. Rana's inspiration and constant guidance has made the school a force to reckon with in various fields. Besides academics, the school has done exceedingly well in various areas like sports, music, performing arts, oratory and a lot more. When a child comes to us it is his/her very first exposure to the world outside the realm of the family. The imprints of the first experience give direction to his life later. So, we aim at the overall development of our students. In the present world of degenerating values, we seek to inculcate good values which have been producing true human beings who lead our society towards true upliftment. The aim can only be attained if all possible avenues are explored and utilised to develop the all round personality of the pupil.
